IN RE: ROUNDUP PRODUCTS
LIABILITY LITIGATION

MDL No. 2741

Case No. 16-md-02741-VC

This document relates to:
ALL ACTIONS

**PRETRIAL ORDER NO. 68:
NUMBERING FOR DEFENSE EXHIBITS**

During the *Daubert* hearing on January 28, 2019, Monsanto's counsel used several volumes of binders that contained the same set of numbered tabs. As a result, and because Monsanto's counsel did not always identify the relevant volume when introducing exhibits, it appears that the exhibit numbering in the record may be incorrect. By 9:00 a.m. on February 4, 2019, Monsanto is ordered to file a numbered list of the exhibits, beginning with number 5, that it introduced during the January 28th hearing. Monsanto should also bring a properly tabbed binder containing the exhibits (with exhibit stickers) from that hearing.

IT IS SO ORDERED.

Date: February 1, 2019
